

# In-Store Operations, Designed for Speed and Coordination

Consistency you can trust. Control you need to grow.

## Operating a Restaurant Has Never Been More Complex

With more ways for guests to order, more tools to manage, & fewer hands to do the work, keeping operations aligned is harder than ever. When ordering, prep, & handoff fall out of sync, shifts slow down, mistakes stack up, guests get frustrated, & profits take the hit.

**62%**

of restaurant operators say they do not have enough staff to support existing demand.

National Restaurant Association, 2024 State of the Restaurant Industry Report

**88%**

of restaurant executives cite rising costs and increasing operational complexity as top challenges.

Deloitte, Future of Restaurants Study 2023-2024

## Powering Reliable, Scalable Operations

HungerRush gives you the control & consistency you need across every location. With a connected front & back of house, conversational ordering, stronger visibility, & consistent workflows, teams move faster, accuracy improves, and guests feel the impact.

### Speed and Accuracy Built-In

Quick, easy ordering lets your team serve more guests with fewer errors and shorter waits, lifting check averages & keeping service consistent across stores.

- Take orders faster with intuitive, conversational ordering
- Get every item right with a POS that handles complex, custom orders
- Increase accuracy and ticket size with required choices & upsell prompts
- Train new staff quickly with easy-to-learn ordering
- Cut phone order chaos with in-POS call management

**“ Ordering in the POS is really easy...A \$100-\$150 order goes in 45 seconds flat.”**  
—ALEX GARNEAU, GENERAL MANAGER, BARONI'S PIZZA

# Kitchens That Run Like Clockwork

Streamlined BOH workflows & clear order visibility help your staff stay in sync, reduce delays, & deliver error-free dishes on time.

- Avoid mix-ups & keep teams aligned with instant order visibility & kitchen notes
- Keep orders on track with timers & alerts that flag delays early
- Serve every dish at its best with priority settings that direct when to fire what
- Cut mistakes and speed up prep with production counts & recipe views

## Standardization That Scales

Centralized, custom controls give you the consistency you need across stores — and the flexibility to match how each location really operates.

- Maintain uniform menus & settings with centralized, above-store control
- Ensure standards while still supporting regional & store-level differences
- Protect your business & reduce risk with clear, role-based permissions
- Push updates across stores in minutes — from anywhere

**“HungerRush’s menu manager saves me about 80% of the time it used to take to update my menus.”**

—MISCHA SILVERMAN, SENIOR MANAGEMENT, PIESANOS

### About HungerRush

HungerRush is a leading provider of integrated restaurant technology solutions. We partner with restaurants of all sizes and cuisine types—from single locations to multi-unit brands. Backed by restaurant, technology, and marketing experts who are *always by your side*, our cloud-based POS Platform connects digital ordering, delivery, guest engagement, kitchen operations, reporting, marketing, and payment processing in one system.
