

Manage your restaurant with the all-in-one Cloud POS system.

Run a better restaurant with the all-in-one Cloud POS system system that helps you delight customers, streamline operations, and grow faster than ever. HungerRush 360 helps you create digital experiences your guests will love, so you can capture all their preferences and keep them coming back for more. And to help you run more profitably, you'll get insight into everything that matters, from orders to inventory, labor to operations—all in a place you can access anywhere, from the back office to the beach. HungerRush 360 simplifies all the tasks you need to keep your restaurant running smoothly, so you can spend more time thinking about the big picture and building your business.

Designed with you in mind

HungerRush 360 is POS reimaged to digitally integrate all your critical restaurant management and customer transactions so you can know your customers better, manage your restaurant smarter, and grow your business faster. HungerRush 360 allows owners, operators, and franchisees to eliminate third-party delivery fees, increase customer spend and repeat ordering, unify orderings from all channels, reduce labor costs, and simplify multi-restaurant management.

Eliminate third-party delivery fees by 20% to 30%.

Increase customer spend and repeat ordering by 14%.

43% of customers spend more on brands they are loyal to.

Restaurant Management

Run your restaurant with a cloud-based POS terminal and restaurant management dashboards that provide a complete view of restaurant operations, reporting, employee management, and inventory.

Digital Ordering

Create custom-branded digital experiences that drive loyalty and increase sales by capturing customer data and reflecting customer preferences across digital channels, from the web to apps to AI-powered text and voice ordering.

Delivery

Grow and optimize your delivery business through integrated in-house, curbside, fleet management, and third-party delivery support, including dispatch capabilities that put you in control of delivery assignments.

Customer Engagement

Improve retention and drive growth with marketing and loyalty features, including rewards, in-app push notifications, automated email, and SMS marketing based on customer preferences.

Payment Processing

Process orders however your customers want, both on and off premises, with the HungerRush 360 POS system.

“

HungerRush is an integral part of our business because it provides so many different aspects. We actually spend a lot of time pinpointing and fine-tuning every little aspect because it's such a broad system. It does so much for us, from the digital ordering, restaurant management, [and] caller ID integration to the day-to-day reports and delivery.”

—Nicole Bean,
Pizaro's Pizza Napoletana

HungerRush[™]

HungerRush is a leading provider of integrated restaurant solutions. HungerRush 360 is our flagship Cloud POS system that makes it easier to delight guests, drive loyalty, and manage restaurants from anywhere. The all-in-one system integrates digital ordering, delivery, customer engagement, restaurant management, and payment processing features with flexible software designed to give operators of all sizes more insight into their customers, more control over their operations, and more power to profitably grow their business.
