Service Guests on Their Terms

Configurable delivery, takeout, and curbside services perfected for off-premises dining. Perfect your delivery operations while improving operational efficiencies with real-time driver tracking, caller ID, and multi-zone mapping and management.

360 Guest Service

Service guests on their terms. Configurable delivery and curbside services with your drivers or leverage a third-party partner.

- Simplified order look-up
- Reduce costs with driver tracking
- Integrated kitchen display helps staff stay on track
- Real-time mapping of orders and drivers
- Operate multiple delivery zones, seamlessly
- Manage customers rewards and coupons
- Integrated caller ID and on-demand logistics
- Increase repeat business with greater guest satisfaction

Fully Integrated for Quicker Service

Our intuitive order screen simplifies in-person orders, and our clean interface supports quick order modifications.

- Accurate add-on pricing
- Edit items with ease
- Simplified order recall
- Hold order features for multiple order entry
- Suggestive selling prompts and combo pricing
- Help your staff with priority orders with integrated kitchen display

Coupon Management, Simplified

The HungerRush restaurant management system ensures complete control and tracking of your coupons, discounts, and promotions.

- Coupon stacking prevents coupon abuse
- Reduce training; one coupon can accommodate multiple deals
- Easy coupon configuration to ensure correct item discounting and prevent over-discounting
- Robust coupon configurations: by order type, by time and date, and much more

Scale Your Business with On-Demand Logistic Services

The HungerRush restaurant management system seamlessly integrates with DoorDash to enhance restaurant operations and streamline existing delivery operations.

- Request drivers anytime and only when needed
- No need to manage multiple third-party delivery services and in-house delivery team
- Augment in-house delivery team to accommodate for peak times, unexpected surge of orders and outside of standard areas
- Build your brand, customer engagement and increase sales

HungerRush is leading innovation for the hospitality industry with its advanced restaurant management system (RMS) which gives restaurants and chains the ability to drive revenue growth by acquiring deep knowledge of their customers, and to achieve operational excellence through end-to-end integration.
