

Online Ordering

Your brand. Your data. Your guest experience.

HungerRush Online Ordering gives restaurants a fully branded, mobile-optimized storefront that turns browsers into loyal customers. Designed for conversion and speed, it eliminates third-party markups, simplifies operations, and connects seamlessly with your HungerRush ecosystem—Loyalty, Coupon Management, 360 Marketing, Feedback, and Text Marketing—so every order becomes a relationship.

Why Restaurants Love It

Boost Revenue

Increase order volume and ticket size with an intuitive, image-driven design.

Streamline Operations

Orders sync directly to POS and KDS, minimizing errors and delays.

Own Your Margins

Eliminate costly third-party fees and control your own delivery options.

Deliver Consistency

Unified menus and pricing across web, in-store, and phone orders.

Enhance the Guest Experience

Simple checkout, modern design, and secure payment options.

Empower Your Brand

Maintain full ownership of customer data and digital identity.

How It Works

1

Guests place orders directly through your branded online storefront.

2

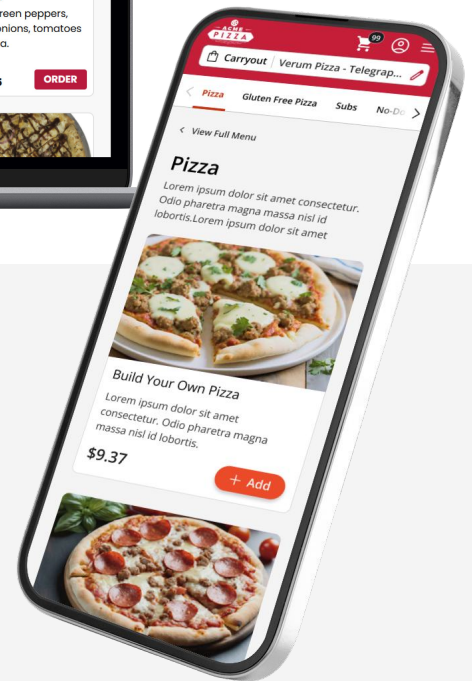

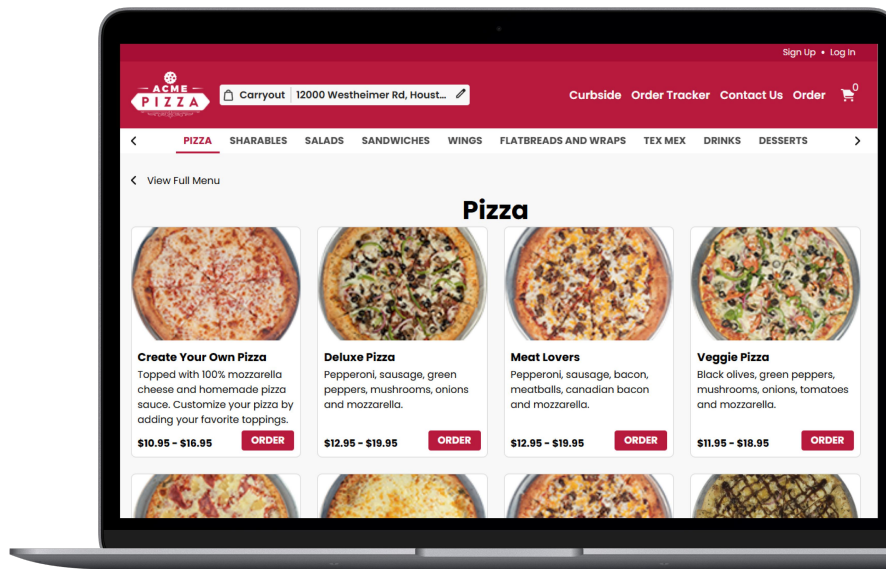

Orders route instantly to your HungerRush POS and Kitchen Display System.

3

Menu changes and pricing sync automatically from POS for consistent accuracy.

4

Customers receive automatic order confirmations with accurate pickup or delivery times.

Key Features

- Responsive, mobile-first design optimized for every device.
- Two-step checkout to reduce friction and boost conversions.
- Smart throttling controls for balanced order volume during peak hours.
- Group ordering and pre-ordering options for flexibility.
- Custom branding—colors, images, and logos that reflect your restaurant's personality.
- Integrated reporting for order volume, average ticket, and repeat visits.

About HungerRush

HungerRush is a leading provider of integrated restaurant technology solutions. We partner with restaurants of all sizes and cuisine types—from single locations to multi-unit brands. Backed by restaurant, technology, and marketing experts who are *always by your side*, our cloud-based POS Platform connects digital ordering, delivery, guest engagement, kitchen operations, reporting, marketing, and payment processing in one system.
